

## U11 Boys Academy

The U11 Boys Academy Program will continue in the Fall 2011 / Spring 2012 season under the guidance of Nick Clark, Head U11 Boys Academy Coach from the 2010/11 season. It is expected that the player pool will support the formation of 2 equal teams playing 8 v 8 in the SOCL.

Below is a message from Head Coach Nick Clark:

The 2010/2011 season was the start of the U11 Boys Academy program in which we had great success in the development of our boys. This Fall season we are looking forward to the arrival of the next group of players coming up from the U10 level. This upcoming season will see us building on the foundation set last season with an emphasis on technique and ball skills and how this translates to the game.

I am trying to arrange the use of a gym this summer (July) for this group of boys to play Futsal. Futsal is a fast paced game played with a low bounce ball with lots of goals scored. We did this last season and the improvement in our players was amazing. There are specific rules but coaching is kept to a minimum and the kids are just left to play and self learn. If you are interested in participating please send me an email and I will let you know when, where and how much.

I am looking forward to seeing you on the field!

Nick Clark – (541) 890-7230
