## CHECK THIS OUT!

Coaches! Here is a great opportunity to get your team ready for Fall soccer early by getting them in a **Fuego Team Camp**. This is a great opportunity to get a jump on the competition by allowing a Fuego instructor to prepare your team in a number of different ways:

- Strength and conditioning training
- Technique and skill building
- Team tactics for attacking and defending

Team camps can be done any time during the summer.  
So, let us know what time and dates work for you.

## CHECK THIS OUT TOO!

Another great opportunity to develop your players individual skills is **Fuego Individual and Small Group Training**. This is becoming more and more popular because it allows players to get a lot of one on one instruction and hone in on areas that the player could use improvement. Thus making them a stronger, more well rounded player.

**For more information on either of these programs please email Garin at [garincoster@yahoo.com](mailto:garincoster@yahoo.com)**
